October 2022 –Barb Zink Temporary Editor

Greetings to all!

I am sitting at my computer today, looking out the window at all of God's creations. As we look every day at our dogs, and feel the same way!

CONGRATULATIONS

The Good Sportsmanship Award for 2022 was awarded to JIM Jackson for all he does for our club, our dogs and club members! It was given to Jim at our meeting yesterday at the MCL Cafeteria!!

This is a small gift to signify a big thank you! Again, the club thanks you for your dedication and love of the Scottish Terrier!

Congratulations from all of us!!!

The Scottish Terrier Club of Greater Dayton, INC

The club will hold its next Specialty March 31, 2023 and April 1, 2023. We will be having the shows (yes 2 of them!!) at the Dayton Dog Training Club in Moraine OH.

We are also hosting a banquet (yes, just like the old days) at
The HOPE Hotel at WPAFB, in Fairborn.
(It is only 18 minutes to the show site from the hotel)

We will have a buffet dinner, live auction and silent auction! Please come and enjoy!

THE STCA/HTF DNA BANK

The HTF has established a Scottish Terrier DNA Bank with **RESERO GENOMICS** in Salt Lake City, UT for the preservation of Scottie DNA, to monitor genetic and genomic data of the breed, and to provide high quality DNA samples for future research and DNA testing to benefit all Scotties. This one of a kind DNA Bank provides a unique opportunity for all Scottie owners to contribute to the body of Scottie genetic data while maintaining control of their own dogs' DNA. The DNA Bank will serve as an important asset for breeders and researchers, both now and in the years to come.

There are over 200 DNA samples of Scotties in the DNA Bank as more and more Scottie breeders and owners make this important contribution to the health and genetic preservation of the breed. At present, some of these samples are part of a project to discover the underlying genomic differences contributing to Scottie Cramp by geneticists and to possibly find a marker that can be used for a future DNA test. This project showcases the great value of the DNA Bank for the Breed.

Contact Marcia Dawson for a free DNA Kit -- hijinkscot@gmail.com
